

Learning Lincoln Primary Sources Comparison Chart Name _____

Use the comparison chart below to think through the similarities and differences between information given through **primary sources written directly by Lincoln** and information provided in the **primary sourced written oral histories of those who encountered him in Champaign County in Central Illinois**. In the bottom box, explain what conclusions you can draw from making this comparison.

How is the information provided by the two sources the same?	How is the information provided by the two sources different?

What conclusions can you draw from this comparison? What is the value of each source? Is one better than the other? Why?
