

Part 2: Website Analysis

Use the following websites to investigate mental institutions in the early-1900s. Be sure to focus on the primary sources included on these sites.

<http://www.mantenostatehospital.com/>

<http://www.kirkbridebuildings.com/index.html>

<http://www.abandonedasylum.com/index.html>

As you search the websites, answer the following questions using sources from the sites:

1) How are the mental institutions designed? Why are they designed this way?

2) How might the design of these institutions impact the patients?

3) In what ways might these institutions need to be reformed or improved?
