

# Our Churches . . . !

Let's thank God for our blessings!

You've had an indication of what it would mean for a community to be without its banks! . . . Reflect for just a moment . . . and think what it would mean for a community to be without its Churches!

Intolerable, of course!

Faith! . . . and Confidence! . . . in our banking institutions! . . . in our business institutions! . . . well, how about our Churches?

Faith and Confidence in our banking and business institutions assures our commercial stability!

Faith and Confidence in our Churches insures our moral stability.

A community cannot exist without them! . . . we've got to have them both! . . . as a matter of fact . . . we've got to have the moral stability before we can have any other stability!

Without the Divine Providence to guide us . . . we'd have absolutely nothing! . . . we'd be as the imbecile! . . . the idiot! . . . unable of accomplishment! . . . knowing no better than to kill our brother! . . . our neighbor! . . . in a condition of absolute irresponsibility! . . . of utter impotency!

Thank God for our blessings! . . . for our Churches! . . . for the community in which we live! . . . for our friends! . . . for our associates! . . . for the Divine Providence that directs our intelligence! . . . and guides us through all the vicissitudes of life!

The Churches are our moral and spiritual guidance! . . . the Preachers are our teachers! . . . they keep us morally stabilized! . . . they have been preaching the Gospel of Faith! . . . and Confidence throughout the ages! . . . We have been unheeding! . . . they beckon to us now . . . they admonish us! . . . Will we have Faith? . . . will we have Confidence? . . . It's time we consider our obligations! . . . It's time we interpose a few thanks for our many, many good fortunes!

The Preachers are doing an immeasurable job for the community! . . . Now then, let's show them by our attendance at Church today . . . that we appreciate the measure of loyalty and devotion and service to the community which they are giving!

Let's go to Church today! . . . and thank God for our blessings!
