American
Adding
Machine**

Price \$35.00

BECAUSE—It is built by the world's largest metal-workers, the American Can Co., of Chicago, who absolutely guarantee the machine to you.

BECAUSE—The enormous output of this concern makes it possible to offer you a machine which will do the work of any non-lister, for one-fifth of the usual price.

BECAUSE—The utter simplicity of the machine will enable you, with very little practice, to add 100 figures a minute, with mistakes impossible.

BECAUSE—It is a full sized machine, equal in appearance, stability and rapidity of service, to the costliest.

BECAUSE—It will do nine-tenths of your office work in one-tenth of the usual time.

BECAUSE—We will give it to you for ten days' test, without cost or obligation, and if at the end of that time it has not made a place for itself in your office or store, we will take it back with nothing said except "Thank you."
