Urbana High School Exceeds State Average on ACT *UHS Class of '08 Continues Tradition*

Urbana High School has again exceeded the State of Illinois average on the ACT. The composite average in the state is 20.7. The UHS Class of 2008 scored 21.0. The high school has outperformed the state on the ACT since at least 2001.

“We are very pleased with the fact that for at least the 8th year in a row, UHS students have performed above the state average on the ACT. This is a clear indication that we continue to make progress toward increasing student achievement by providing all students with the opportunity to learn in a supportive, nurturing environment,” says Principal Dr. Laura Taylor.

Members of the media wishing to do a story about Urbana High School students outperforming the state average on the ACT should contact Dr. Taylor at UHS at 384-3505.
